[Cavs Girl Of The Week - Laura](#)

We started this Monday feature back in late February, and saying that the response has been positive would be a vast understatement. Shocking, I know. About 95% of my readers are males between the ages of 25-54. The reaction has been about as surprising as a dog used to Kibbles & Bits enjoying a nice juicy medium rare steak.

After Cavs season ends, I may stay with this weekly feature in some form ... maybe moving to actresses next. As always, your feedback is ENCOURAGED.

And the bio question answers just get better and better each week. Especially the question "Which two items would you bring to a deserted island with you?" I never thought we could top Laura's "A cell phone and a puppy."

Well, we have.

When asked what **TWO** things Amanda would bring to a deserted island, she replied : "Water, food, and my best friend."

I swear to god! Check the link yourself!
